## GRSC Club Calendar

1. Board Meeting are held the second Tuesday of the month.
2. Crew training every Wednesday nite at Chester's Legacy Tavern in Painesville after the Wednesday race.
3. Tuesday Libations at Capp's in Leroy
4. Sat/Sun brunches will resume in the fall.

## From the Commodore-

I hope everyone that attended the ball game at Classic Field had a great time and we will have to plan another Thursday evening at the park. Since Thursday evenings at the park are discounted beer and hotdogs, I think Thursdays are the best night to go...If interested, let me know and I will schedule a date. We also had a running of the Cooper's Classic specialty race on Sunday June 5<sup>th</sup> and I believe there was way too much aggression involved. There were reports of several sailors down after water balloon hits to neck, head, and groin areas and I do not think the rules allowed for the usage of one's dingy. Kurt paid for that mistake! Before the season is out, let's plan another running of this race or some other specialty race. Any one willing to sponsor/schedule a race just post it via email or contact me at [kbk7478@aol.com](mailto:kbk7478@aol.com) and I will schedule it.

Planning for our club regatta is under full swing and Kendra may need some help in planning and the running of the regatta. If you would like to help out, please contact Kendra Porter/WhiteHawk. The club is also going to have to purchase a new Trophy for race two of the regatta, so if you know of anyone (corporate or individual) that could sponsor a trophy, let Kendra or the Board know so we could contact them.

## Committee Boat Duty Recommendation-

Attach a fender to a twenty foot line and hang that off your stern cleat. This makes the starting boats sail a little deeper off the stern of the committee boat and may help in preventing a collision involving the committee boat during the start..

## Quote for the Day:

"Sailors work like horses at sea and spend their money like asses ashore."

From the Vice Commodore:

Hello everyone, not much happening on the GRSC racing front this month. Understand the return of the "Cooper Classic" race was a success.

Leigh from the Lake County Metro parks is in the process of setting up a low key dingy race series on Friday evenings at the Fairport beach using the Metro park boats. They have 4-Hunter 14's & 4-5 lasers and a couple of Hobie cat's. Anyone interested is welcome to show up at the East end of the beach around 6:00pm.

It's the middle of summer so here is my "summer article"

**The Human Body!**

Very informative!

It takes your food seven seconds to get from your mouth to your stomach.

One human hair can support 3kg (6.6 lb).

The average man's penis is three times the length of his thumb.

Human thighbones are stronger than concrete.

A woman's heart beats faster than a man's.

There are about one trillion bacteria on each of your feet.

Women blink twice as often as men.

The average person's skin weighs twice as much as the brain.

Your body uses 300 muscles to balance itself when you are standing still.

If saliva cannot dissolve something, you cannot taste it.

Women reading this will be finished now.

Men are still busy checking their thumbs.

Bob

We have lots of room for anyone to send in an article, place an advertisement or post a recipe. Please send it to [kbk7478@aol.com](mailto:kbk7478@aol.com) and I would be happy to include it in the next newsletter... PLEASE HELP ME OUT!!!

Another Quote to ponder on:

"No one likes an ugly boat, however cheap or fast."      **Roger Duncan**
